## 2. Let's write a letter to ourselves.

### A LETTER TO ME

#### WHAT WILL YOU DO?

You will write a letter to yourself and you will read this at the end of the year.

#### WHY WILL YOU DO THIS?

You will see how much you have grown at the end of the year.

#### REMEMBER

Don't forget to write the date, the greeting (Dear .....), and the ending. Be careful with the spelling, grammar, and the punctuation.

In your letter you should have answers for the questions below.

1. What do you like and don't like about school?
2. What is your favourite lesson and why?
3. What are you good at? What do you find difficult?
4. What can't you wait to do this year?
5. What do you want to learn this year?
6. What are your targets for this year?
7. How are you planning to reach these targets?

Now put your letter into an envelope and give it to your teacher. Your teacher will give it back to you at the end of the year.
